

# REICHSTAG ON STRIKE AGAINST KAISER

## HIS ABDICATION REPORTED BUT UNCONFIRMED

### TREAT I. W. W. AS TRAITORS IF THEY HURT CROP

United States District Attorney Declares Such Action Same As Aiding Enemy

### UNITED STATES ARMY TAKES IN CONTROVERSY

Member of Organization to Be Interned at Columbus, N. M., Stockade

San Francisco, July 14.—"Any combined effort by the I. W. W. to destroy crops will amount to conspiracy to commit treason," C. A. Ornburn, assistant United States district attorney, said after appeals for federal aid to halt an alleged I. W. W. conspiracy to destroy crops had been received from five California counties.

According to the district attorney, burning or destruction of crops will constitute "giving aid to the enemy."

### INTERN I. W. W. MEMBERS.

Hermans, N. M., July 13.—Col. James Holbrook, U. S. A., with a command of 152 officers and men arrived here today on a special train from Douglas, Ariz., to take the 1,200 Bismarck exiles to Columbus, N. M. Work of loading the men on the train was begun immediately.

The soldiers were assisted in their work by Sheriff Simpson of Luna county, N. M., and the five deputies he took with him here last night to preserve order. The embarkation of the exiles to Columbus was orderly. The men will be housed in the stockade built during the border troubles to care for Mexican refugees and will be fed by the government.

### FEARS RACE WAR.

Frankfort, Ky., July 14.—Governor E. O. Stanley announced today that he had ordered Adjutant General Ellis to go at once to Providence, Ky., with a company of signal troops of Lexington, where he has been informed, 1,000 striking white miners and an equal number of negro miners were on the verge of war.

### 3,000 ARMED MEN PATROL.

Flat River, Mo., July 14.—Three thousand men, many armed, paraded through the lead mining district of St. Francois county today, driving the foreign born miners out of the community, while every shaft in the district lay idle. Leaders of the mob, according to the officials of the Western Federation of Miners, were sent here by the I. W. W.

### THE FOREIGN MINERS, WITH THEIR WIVES AND CHILDREN, WERE BEING CONFINED TO THE MINE HOUSES AND WOUNDED MORE THAN 300.

### CANNED RATIONS.

Columbus, O., July 14.—Rations of the canned salmon, bread and water were issued upon the arrival of the train here. The reported persons will remain in the freight cars until late today, when they will be transferred to the camp being prepared for them by U. S. cavalrymen.

### TO REVAMP FOOD BILL

Washington, D. C., July 14.—Plans for speeding up final action on food control legislation in the senate in accordance with the suggestion of President Wilson covered in a communication to Senator Martin, democratic floor leader in the senate, were being mapped out today by administration leaders.

One of the first moves to that end was to arrange for a meeting early in the coming week of the senate democratic steering committee, when efforts will be made to perfect the original house bill along the lines proposed by the president to provide for government control of the food, fuel, seeds and fuel only.

The president and H. C. Hoover are opposed to the substitute offered by Senator Gore, on the ground that it emasculates the administration bill.

Prospects seemed bright today that senate leaders would be able to so change the bill as to make certain its passage. Debate on the food bill continues today.

### M. B. A. to Meet.

The regular meeting of the M. B. A. Bismarck lodge No. 1015, will be held Monday evening, July 16, in the K. P. hall. All members are requested to be present, as there will be an election and important business. The meeting will be called at eight sharp, and will be followed by a social session. Grant Marsh, secretary.

### French Are Optimistic On Fete Day

Celebrate Fourteenth of July With Joy Unknown for Several Years

### BELIEVE UNITED STATES WILL BRING VICTORY

Paris, July 14.—France today celebrated its national fete with a fervor and joy unknown in many years. The Russian revolution has made Frenchmen realize more vividly the meaning of the great epoch, which, dawning in America in 1776, culminated in 1789 in a great revolution whose spirit, after over a century was about to have its full fruition in the destruction of the last bastion of absolutism by the forces of allied democracy.

"It is a pity," said Paul Deschanel, president of the chamber of Deputies, in a message to the Journal, "that the Germans cannot see our national spirit, they who believe us to be starving and at the end of our resources."

"America's intervention, which is a decisive verdict on the justice of our cause, is a sure guarantee of victory. It makes it more than ever our duty to hold on."

### AIR JETNEYS TO WIN WAR IS FORECAST

Belieged American Engineers Have Worked Out Improvements on Mechanism

### BOARD HAS BEEN AT WORK FOR SOME TIME

By BASIL M. MANN.

Washington, July 14.—In little more than a month American inventive genius has surmounted the greatest obstacle to winning the war in the air by constructing an airplane engine equal, if not the superior, to any used by English, French or German fliers.

This all-American airplane engine—officially known as the U. S. aviation motor—which two months ago did not exist even on paper—has literally been sweated out of the thought and toil of the nation's best engineers.

Two, J. G. Vincent of the Packard company, and E. J. Hall of the Hall-Scott company, with a corps of the best draftsmen, have been driving through the designs at the bureau of standards day, night and Sunday in disregard of the eight-hour day.

To secure the utmost speed the parts were built in more than a score of factories, each making the part it could best and most quickly manufacture.

These parts have been assembled from all over the country to make a perfect and complete engine, and are now under guard at the bureau of standards to prevent German spying.

Unless tests develop unexpected troubles, aviation authorities say America now has an engine, adaptable in different sizes to every airplane from big battle plane to tiny scout, which can be manufactured in such enormous quantities as to overtop anything Germany can do, even if she stops building Zeppelins and motor trucks.

The story of this great feat—equal in military consequences to winning half a dozen battles—is an example of the wonderful resources of brains, specialized training and productive capacity America is mobilizing to overthrow the Kaiser.

Ever since we entered the war our military authorities have been convinced the surest way to win quickly was to gain air supremacy. Germany had shown repeatedly she can match the utmost French and English airplane construction. It was up to Uncle Sam, and even he could not turn the trick on time unless airplanes could be produced in quantities never dreamed of.

They knew we had the materials, men and factories—how to mobilize them. So the Aircraft Production engineers, they also knew, are not and never officials and civilians experienced in engineering production, and was organized.

This board was the sticking point in the win-the-war-in-the-air program was the engine. No engine built to day in America was light and powerful enough.

Superb English and French aviation engines, they also knew, are not adapted to American manufacturing methods and cannot be produced rapidly in large quantities. Each French and British crack motor is a work of art, not a factory product.

So there was nothing to it for Uncle Sam but to do the job his own way—design a satisfactory engine.

(Continued on Page Six.)

### ASKS DRAFT OF 678,000 MEN IN PROCLAMATION

President Wilson Speeds Up Machinery for Mobilizing Army Under Conscription

### GREAT LOTTERY WILL CALL REGISTRANTS TO COLORS

Final Touches Are Placed Upon System of Drawing Man Power to Service

Washington, July 14.—An important preliminary step for the organization of America's new national army was taken with the publication today of President Wilson's order drafting 678,000 men into military service under the selective conscription law. The order was issued by the war department, together with an official allotment of the number of men to be required from each state and territory.

Distribution of the state's quota among the local exemption districts and the great lottery to establish the order in which registrants are to be called into the service are the only steps remaining to be carried out.

### PATTERSON GETS BIG CONVENTION FOR CAPITALDOM

Through the efforts of Edward G. Patterson, Lincoln, Neb., will have the honor of entertaining the Northwestern Hotel and Casino convention, composed of hotel proprietors and managers from six northwestern states, and which will bring here scores of prominent bonifaces.

Mr. Patterson, proprietor of the McKenzie, wired the good news to the Tribune this afternoon from Minneapolis, and his message was immediately followed by an Associated Press dispatch advising that the selection of Bismarck was made unanimous.

The association is one of much importance, and it probably will be the first time in history that it has met in a town of Bismarck's size. The coming of the organization is another recognition that as a hotel town Bismarck is strictly in the metropolitan class.

### St. Paul Man Head.

Walter Porock of St. Paul was elected president of the association at its closing meeting in Minneapolis today, and W. E. Boyd of Fargo was re-elected vice president. Resolutions were adopted declaring that the hotel men would do all in their power to limit the consumption of expensive meats and breadstuffs. The resolution also commended senators and representatives from the northwestern states for their stand, and asked President Wilson to take immediate steps to relieve the coal situation.

### GREAT SEND OFF GIVEN SOLDIER BOY AT FORT

Entire Town Turns Out to Speed on Way Bachelor Farmer Who Joins Colors

(Special to Tribune.)

Burt, N. D., July 14.—The entire town and countryside gathered at E. E. Harvey's hotel this week to bid farewell to Theodore Kruse, who left the following day for Fort Lincoln to join the Second battalion of the First North Dakota infantry, as a member of Co. F. Morgan.

Burt's soldier representative is 31 years old and a successful bachelor farmer. Although over the conscription age limit, he felt it his duty to respond to the colors' call, so he leased his farm and enlisted.

The farewell reception was attended by 60 guests and it proved an inspiring event. At the close of the festivities, as a token of his fellow citizens' esteem, Private Kruse was presented with a handsome rink.

### To Hold Last Meeting.

Capt. James Murphy of the Salvation Army will hold his last meeting here in the Salvation Army hall Tuesday evening. Wednesday the captain and Mrs. Murphy will leave for their new home in Sioux Falls, S. D.

### CAN'T ADVERTISE GUARANTEE UNTIL IT IS ASSURED

Commission Advises State Banks They Must Not Misrepresent Protection

### MAY PAY 6 PER CENT FOR TIME DEPOSITS

Permission Granted to Retain Old Rate to Help Funds in the State

State banks will not be allowed to advertise that their deposits are guaranteed until these banks have been approved by the depositors' guaranty commission and the guaranty made an actual fact.

The commission adopted this ruling yesterday, when the fact that some banks, probably through a misinterpretation of the law, are now advertising that their deposits are guaranteed by the state, such guaranty probably will not be made effective until some time after January 1, 1918, when the legislature contemplated that the act would become actually operative.

### May Pay 6 Per Cent.

Although 5 per cent was established by the last assembly as the legal rate of interest, because of fears that a reduction in the interest rate would result in state banks losing large deposits of outside money at a time when every cent North Dakota can command is needed in harvesting and moving its 1917 crops, the commission adopted a resolution permitting the banks for the next year to pay 6 per cent. Authority to do this was vested in the commission by the bank guaranty act.

### To Finance Themselves.

Because no appropriation was made for the expenses of the board, the commissioners will finance themselves out of their own pockets and will look to the next assembly to reimburse them for money actually paid out in traveling expenses and to pay them the \$5 per item which the act provides for the three appointive members. An opinion of the attorney general, read to the commission yesterday, held that no legal appropriation for expenses was made by the act.

State Examiner Waters, who is secretary of the commission, will provide for printing out of the funds of his office, and ask the next assembly to reimburse his department. Mr. Waters has made formal application to the emergency commission for \$15,000 to provide for expenses of the commission, but it is not anticipated that the commission, which meets Monday, can act favorably on this petition, as it hasn't the money.

### Work to Consume Months.

The examination of state banks made necessary under the guaranty law will be made by deputy examiners of Mr. Waters' force in the course of their regular careers. There are 634 banks and four trust companies to be inspected, and it is anticipated that this work cannot be completed by January 1, the date contemplated by the act for placing its provisions in effect. Examinations will be made as opportunity permits, but all of the banks will be admitted at one time.

The only other business transacted at the initial meeting of the board, which lasted all yesterday afternoon, was the election of L. J. Hansen, cashier of the Equity International bank of Fargo, to be treasurer. Governor Frazier is chairman and State Examiner Waters secretary of the commission by virtue of their offices.

### 31 THIRST QUENCHERIES VANISH IN SIOUX FALLS

Eighteen Store-Rooms Already Occupied by Other Business Establishment

Sioux Falls, S. D., July 14.—So gradually that the change has passed unnoticed, beer and soda signs have disappeared from the 31 thirst quenchereries which went out of business here July 1. Tuesday was the last date under South Dakota's new prohibition law upon which any dispenser of intoxicants might have such wares in his possession. Fifteen of the 31 store-rooms, which were among the best in the city, already have been filled with other business enterprises, without increasing the number of vacant buildings in the sections of the city.

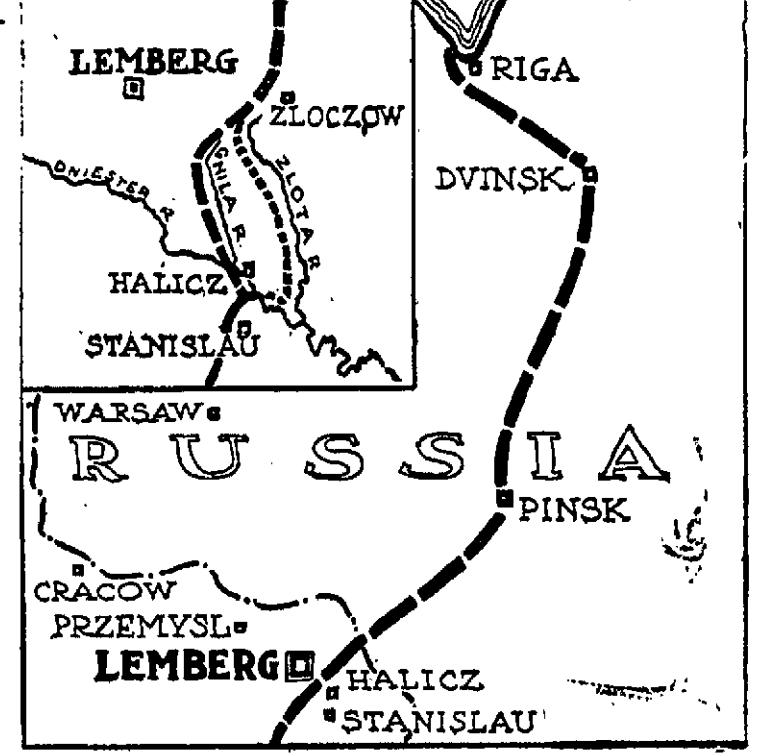

### U. C. T. Met Tonight.

The U. C. T. will hold a meeting tonight in the K. P. hall, consisting of a business meeting and initiation. It is expected many travelers will attend.

### PEACE CLAMOR IN GERMANY FORCES GRAVE CRISIS UPON RULING POWERS

## DEMAND MADE FOR REPRESENTATIVE SYSTEM

### On To Lemberg! Then Again Przemyśl!

The startling victories of the Russians, this time, have been won with the spirit of true democracy behind the dash. Lemberg is the first goal and behind that is Przemyśl, center of the most disastrous battles on the Russian front. Larger map shows the battle line from Riga to Stanislaw and the point where the Russians are driving back the Germans and Austrians. Insert map shows the old battle line along the Zlota-Lipa river and the new line of defense back of Halicz, which the Russians have captured, along the Gnla-Lipa, 15 miles back.

### WASHINGTON WRITER DECLARES FOOD SPECULATORS ARE HIDING BEHIND WHISKEY AND BEER ISSUE

By H. N. RICKEY.

Washington, D. C., July 14.—For many weeks now—to be exact, since May 22—the congress of the United States, both the senate and the house, has been presenting to the people of this country and the world a spectacle which, if it were not so tragic, might be described as the most utterly ridiculous in the history of national and legislative bodies.

On the date named, the Never bill, popularly known as the food bill, was introduced in the house.

The purpose of this bill was to relieve the hundred and ten million people of the United States from all but unbearable burden of the high cost of living.

It provided for giving the president authority to name a food administrator charged with the vitally important task of stimulating the production, regulating the distribution and stopping the speculation in food.

This bill was prepared with great care as the result of the best thought of the greatest experts in the government service.

Before it was introduced it was O. K'd by President Wilson and by Herbert C. Hoover, who had hurried from London to volunteer his great abilities as food administrator.

President Wilson had accepted Mr. Hoover's services by cable in the belief—which was shared by every man who had followed Hoover's career since the beginning of the European war—that he was the best fitted man in the whole world for the job.

There was absolutely no good reason why the food bill should not have been passed by congress and become a law by the president's signature within a week from the day it was introduced.

There is not the shadow of a doubt that if this had been done, every family in the United States would have felt the effects almost immediately, in the reduced cost of food necessities.

THAT IS PRECISELY WHY THE FOOD BILL WAS NOT PASSED WITHIN A WEEK, why it has been amended to the point where it is scarcely recognizable, why it is still being buffeted about in congress, why, for the past month, the debate has degenerated into a cat and dog fight on the liquor question.

At the time the liquor issue was introduced into the discussion, it seemed as if the food bill was about to be passed.

That was why the liquor fight started. The food speculators and hoarders, knowing that the moment the bill was passed, they would be forced to stop picking the pockets of the American people, saved themselves a subsidy starting the fight over whiskey and beer.

Everyone who has sat in the gallery of either the senate or the house and listened to the drool about whiskey

### WAR BILL HELD UP

Crown Prince Waging Fight for Control of Prussian Military Autocracy

### RUSSIA IS SWEEPING PATH THRU GALICIAN TERRITORY

General Haig Pursues 'Waiting' Policy on the Franco-Belgian Front

(By Associated Press.)

Germany's serious internal crisis overshadowed the pending military operations in the news of the day. The reports from Berlin show that the reichstag has gone on strike against the crown and the military party, apparently in the interests of a parliamentary system of government. There is even a rumor, although entirely unconfirmed, and little credited, that Emperor William has abdicated in favor of his sixth and favorite son, Prince Joachim.

### Peace Clamor.

The peace clamor is growing, both in Germany and Austria-Hungary. Part of the trouble between the reichstag and the governing class is over the government's persistent declaration to state Germany's peace terms on the basis of non-annexation demanded by what now comprises a majority block in the reichstag. The war credit bill is being held up by this majority until the political crisis is settled. But more serious yet is the decision of the members not even to meet meanwhile for the discussion in session of committee.

### Waging Fight.

Apparently the crown prince is waging a fight for control on behalf of the militarists' interests. Chancellor von Bethmann-Hollweg is under fire from the crown prince and his supporters. The chancellor seemingly has been too liberally inclined to suit the heir to the throne.

On the military side the situation continues to bear a most encouraging aspect for the formidable group of the nations allied against the central powers, this generally being taken into consideration in dealing with the situation in Berlin and Vienna.

### Sweeping Forward.

The Russian revolutionary army in Galicia is still sweeping forward. Today they occupied the village of Novica, southeast of Kalusz. Apparently there is little to stop them pouring through the breach in the line in eastern Galicia opened by General Korniloff. They are pushing on north of the Dniester and west of the Lomnica, and generally proving victors in the fighting going on along a 60-mile front.

On the Franco-Belgian front a waiting policy is being pursued by General Haig, on the British end of the line, and General Petain in the French action. There has been only local fighting by either group of armies.

### WAR MINISTER RESIGNS.

Berne, Switzerland, July 14.—An official telegram from Berlin says that General von Stein, the Prussian minister of war, has resigned.

### NOT CONFIRMED.

London, July 14.—A dispatch to the Morning Post from Amsterdam says that rumors current that Emperor William had abdicated in favor of his son, Prince Joachim, are unconfirmed and must be taken with all reserve.

### ACCEPT RESIGNATION.

Copenhagen, July 14.—The Wolff's news bureau of Germany, without accepting any responsibility for it, issues a statement by the Tagbladet that the resignation of Dr. von Bethmann-Hollweg, the imperial chancellor, has been accepted.

According to Berlin newspapers, the crown prince, in interviews Thursday with reichstag party leaders, including Herr David and other socialists, interested himself chiefly in obtaining from the deputies their views on the person and policy of Dr. von Bethmann-Hollweg, the imperial chancellor. The crown prince is reported to have said he was doing this in accordance with the wish of Emperor William.

The morning papers appear to have had no intimation of the impending strike of reichstag deputies and the emperor's summons to von Hindenburg, chief of the general staff.

ARRIVE IN CAMP. The vanguard of the American troops who left on Thursday for the support where they have been in camp arrived at the permanent camp today and went into training immediately.

Major General Sibert, who will command the camp, has departed for the front. General Pershing will follow him after a time.

## NEWS OF NORTH DAKOTA AND NORTHWEST

# "Makoti On The Soo" Growing Fast--Has Fast Ball Team

"Makoti on the Soo" is a thriving little town of 400 inhabitants. The town is six years old, having just celebrated its sixth anniversary with a big chautauqua and a three-day regatta of baseball games. Makoti is justly proud of its baseball team, beating two out of three of the teams and defeating the champions of the Tri-County league by a decisive score. The town is rapidly growing, many new houses being erected and old ones being remodeled. With its growth the town is taking an interest in good roads, realizing that good roads mean more business and a more enterprising town. With the wide territory and ever better roads, Makoti will soon forge ahead of its rival towns.

**Fort Berthold Land Agency**  
Among the prominent business firms of Makoti is the Fort Berthold Land agency which was organized in 1915. This company buys, lists and sells farm lands, city property and stocks. It is now well established and is connected with prominent real estate firms in Minnesota and South Dakota who bring them as buyers actual settlers who are improving the land in fine shape. Connected with this firm is J. O. Salsness Insurance Agency which represents some of the best companies in all lines of insurance.

**Reservation State Bank**  
The Reservation State bank of Makoti was one of the first business places to be established in the town during the summer of 1911. It has kept pace with the rapid growth of the town and the surrounding community, the officers and directors have always given their best efforts to the building up of the bank, and it may justly be termed "the bank with the reputation." H. G. Anderson is cashier; R. W. Serkland and Thomas L. Russell, assistant cashiers.

**Hotel Makoti**  
One of the leading firms in the city TWO-Tribune is the Hoff brothers. They are dealers in shell and heavy hardware, furniture and harness. They carry a large and complete stock of everything in the hardware line. Harvey Hoff and William Hoff are the proprietors. They have been in business here three years and are great boosters for the town and the community surrounding it.

When going to Makoti do not fail to stop at this popular hotel. It is a first class hotel, modern in every respect. It is European plan with rates 50, 75 and \$1.00 per day. An auto battery is also operated in connection. E. C. Askerooth is the general proprietor. **Couey's Cafe**  
This is the place where the management takes pride in giving his patrons

## GOD PUNISHING FELLOW CITIZENS FOR DISLOYALTY

Horace Bagely of Towner Reads Riot Act to McHenry County People

Towner, N. D., July 11.—Horace Bagely, Towner, a known citizen and statesman read the riot act to slackers in the following outburst:

"We were a few recently. Why does God permit a riot in North Dakota this year? Is it fair? We answered, 'Why shouldn't He permit it?' What gratitude have we shown to God for a big crop? Or what patriotism and devotion to our country have we shown since this war began, that we should expect to profit by the high price caused by that war?"

"McHenry county could have had a company in the new Second North Dakota regiment for the asking. No one asked. Not two dozen of our young men have volunteered in any branch of the country's service. The demand cards shows a streak of yellow in our young men as broad and deep as the Missouri river. Our older men have been far more eager than there should be 'no profiteering' from this war than that it should be successfully waged. And yet we have hoped for and expected the good Lord to give us a bumper crop of wheat to sell at \$2 a bushel or better. No profiteering! That's right. There isn't going to be any in McHenry, and we don't deserve that there should be."

**Holstein Cow Earns \$2.40 Daily: Winner In Production Race**  
Cooperstown, N. D., July 11.—A Holstein cow producing 30 quarts of 3.7 per cent milk daily was declared the victor in a production contest conducted in connection with the annual Griggs county fair by State Dairy Commissioner Ottobrun. The owner of the prize winner, Louis Berg, sells her product at eight cents a quart, and her gross daily earnings are \$2.40. In the contest were five Holsteins, three short-horns and two Jerseys.

**Some Weather Signs.**  
A deep blue color of the sky, even when seen through clouds, indicates fair weather; a growing whiteness, an approaching storm.

## HAS ONE WIFE TOO MANY; WAR CAN'T SAVE HIM

Beach Man, With Families in Golden Valley and Illinois, Sought at Leavenworth

Beach, N. D., July 11.—Charged with having one wife too many, and with evading in the United States army to escape his double obligation, Bernard L. Palmer will be brought back from Fort Leavenworth to stand trial in Golden Valley county for bigamy. Sheriff S. A. Smith left for Leavenworth yesterday with requisition papers issued by Governor Frazier. Mr. Palmer is residing here and there is said to be another Mrs. Palmer living in Peoria, Ill.

## Can't Fight For Country; Can Aid Those Who Do Go

Deprived of the privilege of fighting for their country, 200 convicts in the North Dakota penitentiary have done their bit by subscribing \$50 to the American Red Cross for the relief of the boys who can go. The convicts recently petitioned Warden Takott for permission to appropriate \$50 from their earnings, averaging from 25 to 50 cents a day. Their request was granted and their contribution was turned over to B. C. Marks, treasurer of the Bismarck Chapter, today.

## HUDSON RETAIL SALESMAN FOR LAHR MOTOR CO.

Taylor Hudson, formerly with the Carhart Motor company distributors for Overland and Willys-Knight cars, of Oklahoma, arrived in the city the first of the week and took up his duties as retail salesman for the Lahr Motor Sales company, Overland and Willys-Knight distributors of this city.

Mr. Hudson has had five years' experience in selling cars and comes here as a special salesman on the Willys-Knight.

## UNUSUAL OPERATION WILL SAVE LITTLE GIRL'S GOUGED ARM

Living Flesh From Body Grafted to Member That Was Stripped to Bone

An unusual operation is being performed here on the arm of little Lucille Knowles, six-year-old daughter of the proprietor of the Holiday hotel. The little lady recently became entangled with a gasoline engine, which stripped the flesh from one of her arms to the bone. She was brought here, where a strip of flesh of corresponding shape and size was grafted from the little girl's side to the injured arm, but was not entirely severed from its original moorings. The living flesh is satisfactorily knitting to its new position, and when sufficient progress has been made it will be completely severed and a very dangerous and lengthy scar will have been transferred from the little girl's arm, where it would have proven a permanent disfigurement to her side, where it will not be visible, and from whence it is believed it will ultimately disappear altogether.

**ADVERTISEMENT.**  
Commissioner Kirk introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the Board of City Commissioners of the City of Bismarck, North Dakota, that it is necessary, and the City Commissioners of the City of Bismarck, North Dakota, hereby declare it to be necessary, to construct a boulevard along the south side of lots 10 to 18, inclusive, block 51, Original Plat, Improvement District Number Five, according to the plans and specifications of the City Engineer, which plans and specifications were adopted and placed on file this 9th day of July, 1917.

State of North Dakota, City of Bismarck—ss.  
I, C. L. Burton, City Auditor of the City of Bismarck, North Dakota, hereby certify that the foregoing is a true and correct copy of the original resolution passed by the Board of City Commissioners at their regular meeting July 9th, 1917.

C. L. BURTON, City Auditor

## Something New In Banking

As a rule a bank or banker does not have much opportunity to vary from the standard rules or practice of banking. He cannot put on special sales as a merchant does because his goods and chattels are not subject to special sale prices. The banker is custodian or trustee for the money of his depositors, he is adviser in the financial affairs of his clients or customers and as a result of all this there is no opportunity to press his claims for patronage except on the basis of service—and this is an age of service. The banker is not a philanthropist—he is a business man—and the better business man he is the better banker he will be. In years gone by the banker was looked upon with awe, he was approached with fear and trembling and was regarded as one apart. Of late years the public has come to know that the banker is human, that he has red blood in his veins, that he eats, sleeps and exceeds the speed limit—even as you and I. And the banker has changed his view of the man in lobby, before the cashier's window or leaning on the rail at the president's desk. Both have come to a realization that each is dependent upon the other. And that is something new in banking.

AND NOW AS TO SERVICE. We are not new to Bismarck—we have been in business here since 1907—have a well established business in farm mortgages and city loans. In our ten years' active experience we have come to know conditions affecting this territory, we have established a wide acquaintance and as a result of that experience—that acquaintance, we are especially well qualified to render valuable service in a general banking business. And here's another point: The banking department now being established simply broadens our business—increases our capacity to serve you. Service to the depositor is the dominant idea.

We pay 4% on Savings; 5% on Cash Deposit for 6 or 12 months.

We Invite Your Checking Account  
**FIRST GUARANTY BANK**  
Capitalization, \$50,000.00.

NOTICE TO CREDITORS OF THE BISMARCK TRIBUNE COMPANY.

TAKE NOTICE, That on the 1st day of August, A. D. 1917, at 10 o'clock A. M., at the court house in the City of Bismarck, Burleigh County, North Dakota, the matter of the application of C. E. Little, Receiver of the Bismarck Tribune Company, a corporation, for a confirmation by the Court of said Receiver's report of distribution of the assets of said corporation, which is on file in the office of the Clerk of the District Court of Bur-

leigh County, at Bismarck, North Dakota, and for a discharge of said Receiver, and the release of his sureties from further liability on the Receiver's bond heretofore filed, will come on before the court, and at said time and place the Court will hear and determine any and all objections to such confirmation and discharge

that may be presented by parties interested in said action or other persons entitled to object thereto.  
C. E. LITTLE, Receiver of the Bismarck Tribune Company, a corporation.  
MILLER, ZUGER & TILLOTSON, Attorneys for said Receiver, Bismarck, N. D.

## The Bank with the Clock OPPORTUNITY

Success in life consists largely of a combination of brains and opportunity. It is well to remember therefore, that unless you are ready for your opportunity when it comes success is not for you.

Business success depends almost entirely on having ready money with which to take advantage of opportunities and the one certain way by which to have ready money is to save it systematically month after month.

NOW is the time to begin. This strong, progressive bank welcomes savings deposits in any amount from \$1.00 up and pays 4 per cent compound interest.

# Studebaker

## AN INVESTMENT

A second-hand Studebaker can be sold after a year, two years, or after many years of service at a price which is very high in relation to its first cost.

Why? Because Studebaker has won the confidence of the public on the character and quality of its cars. It is a standard of value, like a piece of gold, and if you wish to sell it, your car becomes an investment, which has a definite marketable value.

The buyer knows that the name Studebaker for over 64 years has stood for honesty and fairness. He knows that Studebaker heat-treated steels, Studebaker standards of accuracy, and Studebaker efficiency of manufacturing methods make Studebaker cars the highest quality cars on the market for the money.

Studebaker Service is Nation-wide—20 great factory branches, 6700 reliable dealers.

Come in and ask for demonstration.

## Country Road TIRES

5,000 Mile Guarantee

### It Pays to Use Them!

BETTER tires from every standpoint—Racine Country Road Tires are just what the name implies. They set a new standard of resistance to wear of country roads and city pavements. Racine Country Road Tires are designed and constructed especially to meet the requirements of country road service—the most severe, most exacting service known. No side-slipping—no skidding. Racine Tires leave no room for doubt in any respect.

When you buy the genuine Racine Country Road Tires, you buy tires you can thoroughly depend upon—tires that are now paying big dividends to thousands of motorists in excess mileage beyond the 5000 mile guarantee.

For your own protection be certain that every Racine Tire you buy bears the name Racine Rubber Company.

## Your Chances of Being Drafted About One to Four

By F. M. KERBY.

"WILL I BE SELECTED FOR SERVICE?"

Number of men Registered	9,549,382
Number of Unnaturalized Citizens of Foreign Countries other than Germany	1,239,845
Number of German Subjects Unnaturalized	111,821
Estimated Number of Men With Dependent Relatives	4,112,847
Estimated Number of Men Physically Unfit for Service	1,028,250
Estimated Number of Men Available for Selection	3,115,597

New York, July 12.—It is a one to four shot that you will be selected for service in the new national army.

That is, one man out of every four American citizens, between 21 and 31, with no relatives wholly dependent, will be called to the front for service, in the war department drawing which starts within a short time. National registration day June 5, the nation registered 9,549,382 men. But 1,239,845 of these are unnaturalized foreigners from countries other than Germany, and 111,821 are German subjects. All are exempt. This brings the available men down to 3,115,597.

How many will be exempt because they have wife, children, mother,

**SHEEP**—Receipts, 700. Market, steady. Wethers, \$7.75 to \$11.00; lambs, \$10.00 to \$15.75.

father, sister or brother wholly dependent upon them. It is possible to approximate this from census figures. The last census showed 75 per cent of the men in the age group 20 to 21 were unmarried. In the group 22 to 29, 42 per cent were single. This would indicate that only 41 per cent of all the men registered have wives and families.

But some of these married men have incomes which make their families independent. This however, is a small group. Most married men—and most other men—have to work for a living.

To this group, too, must be added the single men with dependent fathers, mothers, brothers or sisters. Just how large this group is, is one of the delicate exemption questions.

Responsible officials are inclined to make a liberal allowance for those with dependents. If to the 42 per cent of married men be added the group who have other dependents the number of men exempt because of dependents will be close to 50 per cent, or 4,112,847 men. This leaves the same number available.

But of these 3,115,597 men, 250 out of every thousand will have to be eliminated because of physical defects. This means approximately 1,028,250 men must be rejected because they are unfit to serve.

This leaves 3,115,597 fit young men waiting to see whether they will be selected for service. Out of this three million must come the first army.

It is now announced the war department has decided to select 687,000 men for service in the first drawing.

This means about one man in four of those available for service will be called to the colors September 1, to

**"I'd Give \$10 For a Good Wheel"**

A broken-down wheel, no extra, and far from a repair shop! Wouldn't you give ten dollars for a good wheel under such conditions? You wouldn't need to pay that amount for a good wheel if you had prevented the accident with Spoktite.

**A Dollar's Worth of SPOKTITE Tightens 4 Wheels**  
A single twenty-five cent piece would have tightened that loose wheel and kept it from collapsing. For that is all it costs to tighten wheels the Spoktite way. The rattles are the sign of loose-

**Saves Big Part of Repair Bills**  
The old way of tightening wheels costs a lot of money. Spoktite saves almost all that and does a better, quicker job. In many cases it has even saved the price of new wheels. That was the experience of Mr. C. E. Noel, Modesto, California, who says: "Spoktite has saved me the price of a new set of wheels. The spokes had shrunk so that I thought I would have to get new wheels. They are now as tight as a drum. I have driven over 20,000 miles since, and there is no sign of weakening. Many similar cases are on record. In fact, there is yet no case of failure reported. Spoktite tightens them all and keeps them tight."

**Sold in Garages, Auto Supply and Hardware Stores—Go Buy Now**

Don't run the risk of a cracked and unbalanced wheel. Apply it at once. If your dealer can't supply you, write to our company and we will send you a set of Spoktite. It is a "Good for" "Good Sense" product. Manufactured by the

## PROCEEDINGS OF CITY COMMISSION, JULY 9, 1917.

At the regular meeting of the City Commission held July 9th, 1917, there were present: Commissioners Bates, Bertch, Best and Kirk. Vice President Battey occupied the chair.

City Engineer Atkinson presented a letter from a former City Engineer Walter Skelton. A portion of his letter is as follows and refers to sidewalk in front of the Methodist Church. There should be no misunderstanding as the trustees of the church understood at the time that they were not laying their walk to any established grade. The walk as I remember, was something over two feet higher than I gave them levels. This letter was ordered to be filed. The sidewalk on east side of First Street between Thayer and Rosser Streets was ordered to be relaid as it is not on grade. The sidewalk on the west side of Fourth Street between Avenue C and Avenue D was ordered to be relaid from the Will property north.

The work to be postponed for some time on account of the illness of Mr. Will. The City Auditor was instructed to offer the County Commissioners \$400.00 for their half interest in the City Barn in case they refused this offer, the City agrees to sell its half interest to the County for \$400.00.

A communication from F. W. Keith stating that the City Hospital was completed and that the contractor had paid for all materials entering into the construction of the same was read. It was decided to release the contractor's bondman.

Attorney H. F. O'Hare appointed F. McCurdy as his assistant and the City Commission ratified this appointment.

Wm. Fogstrom resigns his position as Street Commissioner. Commissioner Kirk was given power to accept this resignation and to appoint another man to the place subject to the approval of rest of the Commission.

Commissioner of Finance Battey reports that it is impractical to make the required changes which would insure a five per cent reduction of insurance on mercantile risks in the City of Bismarck. The amount saved would amount to about \$2,500.00 while cost of the changes would be over \$10,000.00.

A communication from E. L. Gendney in which he threatens to start suit for collection of a certain item was read and the matter referred to the City Attorney. The item referred to is inspection charges on a tunnel under the Northern Pacific tracks.

An ordinance establishing the street and sidewalk grades on certain streets south of the track was read for the second time and passed.

The report of the Chief of Police showing satisfactory conditions for the month of June 1917 was received and filed.

H. F. O'Hare calls attention to the fact that certain members of the special commission should be reappointed as their terms have expired. The auditor was instructed to find out whose term had expired and to report at the next meeting.

The City Engineer reported that H. H. Steele, Mr. Banks, Mrs. Corder and Pat Byrne, who own property in the parking district and had elected to care for the same were neglecting to do so, the City Auditor was instructed to notify them that the city would take care of their parking unless they put it in shape inside the next ten days.

Commissioner of Finance Battey recommends that the following banks be made city depositories for the ensuing two years and that they file bonds to take care of the following amounts: First National bank, \$30,000.00; City National bank, 20,000.00; Bismarck bank, 20,000.00; First Guaranty bank, 15,000.00; Capital Security bank, 15,000.00.

His recommendation was adopted by the Commission.

It was decided to build a curb in front of lots 19 to 18, inclusive, block 54, O. P., and the necessary resolutions were passed.

It was decided to relay the sanitary sewer on Third street from a point 50 feet south of the south line of Thayer street to the center of Rosser street. The necessary resolutions were passed.

It was decided to lay a lateral sewer on First street from Avenue C to a point fifty feet north of the north line of Avenue D in Sewer Improvement District Number One. The necessary resolutions were introduced and passed.

The City Auditor was instructed to advertise for bids for the construction of a main sewer on Broadway, from Fourteenth to Fifteenth street and a lateral sewer on Fifteenth street to Avenue B.

The City of Bismarck, through its Commission, decided to buy 1877 acres of land from I. P. Baker for a right of way for the extension of Rosser street west from the N. P. right of way to the high bank of the river, and from a point on the high bank called River street, to the Red Trail ferry landing, and also including 10 acres to connect with road leading to the Indian school. They agreed to give the said Isaac P. Baker \$500.00 for this parcel of land.

Commissioners Battey, Bertch and Kirk voted aye on this proposition and Commissioner Best voted nay.

The following bills were allowed and ordered to be paid, fund, percent, time:

Wm. Fogstrom, \$127.85;  
E. E. Morris, \$10.00;  
Timmer & Hartman Co., \$2.00;  
H. E. Knapp, Mgr., \$5.00;  
Webb Bros., \$66.00;  
W. S. Nott Co., \$16.21;  
Wachter Dray & Transfer Co., \$2.00;

N. D. Ind. Tel. Co., \$12.00;  
Otto Dirlam, \$22.80;  
Bismarck Water Supply Co., \$4.27;  
Wachter Dray & Transfer company, \$19.25;  
Bismarck Foundry & Welding Co., \$7.00;  
Chas. Blockhead, \$4.15.

Chris Martinson, \$30.00;  
H. Cooten & Co., \$3.00;  
R. P. Logan, \$24.00;  
Webb Bros., \$24.00;  
Geo. Robidou, 50;  
Matt Cooten, \$3.00;  
N. D. Ind. Tel. Co., \$6.10;  
Christina Robidou, \$10.00;  
On motion the Board adjourned, to meet again Monday, July 16, 1917, at 8 o'clock p. m.

C. L. BURTON,  
City Auditor

**ADVERTISEMENT.**  
Sealed bids for the construction of a lateral sewer on First street, from Avenue C to a point fifty feet north of the north line of Avenue D, in Sewer Improvement District Number One, City of Bismarck, North Dakota, will be received by the Board of City Commissioners of said city until eight o'clock p. m. July 30th, 1917. Certified check for \$500.00, to the order of A. W. Lucas, president of the City Commission, must accompany each bid. Each bid must also be accompanied by a bidder's bond in a sum equal to the full amount bid. Plans and specifications are on file with the City Auditor and with the City Engineer. The City Commission reserves the right to reject any or all bids.

C. L. BURTON,  
City Auditor

## SOCIETY

Entertains For Misses  
Helen And Doris Fisk

In honor of the Misses Helen and Doris Fisk, who leave today for their new home in Minot, Mrs. E. P. Quain entertained a group of young women of the city at a supper at her home last evening. Clusters of snap dragons were arranged about the supper table, which was also beautifully decorated with snap dragons. Little Miss Marion Quain received the guests at the door. The dinner was composed of four courses and was augmented by music. The Misses Fisk are daughters of former chief Justice Fisk, and have been prominent in social affairs of Bismarck in their stay here. It is with great regret their hosts of friends view their departure.

**To Give Big Supper.**  
The Ladies' Aid of the McCabe Methodist church will give a supper next Friday evening, July 20, that promises to surpass anything that the society has ever before attempted. The supper will be given in the lower auditorium of the church and will be for the benefit of the society.

**En Route to Parks.**  
Mrs. G. Erathwaite and her daughter, Mrs. Grace B. Gruber, both of Minneapolis, are stopping in the city en route to Glacier National park and Yellowstone National park. They are making the trip by motor. Both Mrs. Erathwaite and Mrs. Gruber are former residents of Bismarck and have many friends here.

**Returns to Regiment.**—Lieut. Paul W. H. Johnson, of the 101st Infantry, Sixth U. S. Engineers, at Fort Sheridan, Ill., on Friday evening.

**Would Lead to Limit.**—The public service commission of Washington state today served the North Dakota railway commission with a copy of the former board's resolution in favor of loading railway cars to their actual freight capacity as a means of relieving car congestion and freight accumulations in the large shipping centers.

**Personal Notes.**  
Miss Mabel Amiot of this city is visiting in Fargo as the guest at the home of her sister, Mrs. G. F. McPherson.

Mrs. W. J. Hutcheson and daughter were visitors in Mandan yesterday.

Mrs. R. D. Scott of Center, N. D., returned home today after a season spent in the Bismarck Evangelical hospital.

Rev. W. Thatcher of Center, N. D., was a visitor in the city yesterday. He returned to his home today.

Dr. Stielman and family, Miss Perlot and Mr. Perlot, all of the Mandan Country club, motored over from Mandan yesterday and spent the day at the Bismarck Country club.

Mr. and Mrs. C. N. Kirk and family left yesterday by automobile for Marshalltown, Ia., for a week's visit with friends and relatives. Mr. Kirk is the local manager for the Marshall Oil company, which has its head offices at Marshalltown.

George J. Kling of St. Paul, well known commercial traveler, is in the city today.

E. S. Healy and Harry Rittgers and their families motored in today from Jamestown. They are en route to other points in the state.

SPECIALIST IN SOCIAL  
WELFARE WORK COMING  
TO AID FORT Y. M. C. A.

John Robertson, graduate of James-town college and who recently completed a special course in boys' welfare work at the Lake Geneva school in Wisconsin, is coming to Fort Lincoln to assist Secretary L. E. Goodwin with North Dakota's war "Y." Mr. Robertson will be directly in charge of the association's social activities, and renewed life in this department is expected with his arrival. Papers and magazines for the Y. M. C. A. reading tables may be left at the Bismarck Commercial club. The boys are badly in need of good reading material and have been sounding S. O. S. signals.

FIRST DEGREE  
MURDER VERDICT  
IN NASH CASE

Steele, N. D., July 14.—After deliberating but 2½ hours, a jury in district court found Clon Nash, slayer of Clarence Hicks, Dec. 15, 1916, guilty of murder in the first degree. Nash probably will be sentenced next week. The trial was the first for the crime of murder conducted in Kidder county in 25 years, and in all it consumed but two days.

Nash, who may go to prison for life, is helplessly a cripple, both feet having been frozen off in his efforts to escape.

The Grand theatre tonight presents Rex Beach's famous novel, "Pardners." Don't fail to see it.

**The Really Poor.**  
That man is to be accounted poor, of whatever rank he may be, and suffers the pains of poverty, whose expenses exceed his resources; and no man is properly speaking, poor but he—Paley.

## CHURCH NOTICES

**St. George's Episcopal**—Corner Third and Thayer. Rev. George Hutzelle, rector. Phone 674. Sixth Sunday after Trinity. Holy Communion at 8:00 a. m. Sunday school at 10:00. Morning prayer and sermon at 11:00. Evening prayer and sermon at 8:00. Subject of morning sermon, "Our Responsibility."

**First Baptist**—Corner of Fourth street and Avenue B. Bruce E. Jackson, pastor. "The Friendly Church." Morning worship at 10:30. Sunday school at 12:00. Noon. Baraca class for young men. Evening worship at 8:00 p. m. A special effort is being made to make these evening services attractive and helpful. There will be a singing service. Special musical numbers and the pastor will deliver a short sermon on the theme, "Selling the Birthright." You are cordially invited to attend.

**At Baptist Church.**  
Rabbi Emanuel Sternheim, who is here in the interests of suffering Jews in the war stricken countries, will speak at 10:30 in the Baptist church. He will take for his subject, "Social Aspects of Religion." The services will be conducted by Rev. Bruce Jackson, pastor of the church.

**Trinity Lutheran**—Corner Seventh street and Avenue C. Services Sunday morning, in the Norwegian language, at 11 o'clock. Services Sunday evening, in the English language, at 8 o'clock. Sunday school at 10:00 a. m.

**McCabe Methodist**—Two blocks north of the McKenzie hotel. Rev. W. J. Hutcheson, D. D., pastor. Morning service at 10:30. The pastor will preach on "Compensations." Sunday school for all, at 1:00, noon. Epworth League at 7:00 p. m. The young people's service; Free discussion of live topics. Evening service at 8:00 p. m.; Inspirational singing; Dr. Hutcheson will conduct the service. Rabbi Emanuel Sternheim of Sioux City, Ia., will deliver an address. As many as conveniently can should hear this noted rabbi. He will speak on the "Jews and The War." No special offering will be solicited.

Only Man In North  
Dakota Certain To  
Not Have A Double

Charles Francis Kennedy, 1024 Broadway, Fargo, enjoys the distinction of being the only man in North Dakota who is absolutely certain not to have a registration number duplicated.

Mr. Kennedy drew the high number in Cass county, which means the highest in the state. Should No. 4331 be drawn from the jury wheel, Mr. Kennedy, when advice to that effect is telegraphed North Dakota, need not examine other county lists to ascertain who is paired off with him, for there will be none. There is one number higher, Cass county's total registration being 4332, but this registrant was listed in Minnesota, and his name has not yet been filed with the adjutant general's office.

**Robins Are Gluttons.**  
On an average day food is brought to the robin's nest every 15 minutes. Each young robin requires daily two or three times its weight in bugs and worms. When food is offered these ever-hungry little creatures open their large yellow mouths wide and jostle each other.

CAPT. MURPHY  
BRINGS FIRST  
BRIDE TO FORT

Cupid scored his first victory at Fort Lincoln last evening, when Capt. "Jack" Murphy, commander of Co. A, brought to the military post his bride, who was until July 6, Miss Hese Lillian Owens, for seven years head bookkeeper at Wach Bros.' department store. Quarters for the newlyweds had been prepared in advance in "Officers' Row," and Capt. and Mrs. Murphy slipped into their new home quietly enough, but the boys of Co. A heard about it in some way, and saw to it that their commander and his bride were properly welcomed.

**At Valley City.**  
Mrs. M. M. Owens, 113 Mandan avenue, mother of the bride, admitted this morning that the wedding was a surprise, even to her, although the engagement was one of long standing, and it was generally expected the marriage would take place before the troops left Fort Lincoln. Miss Owens went to Valley City, near which the family formerly resided, for a vacation visit. Thither Captain Murphy followed her, and a quiet wedding took place July 6. Dr. Moultrie, former chaplain of the First regiment, officiating, and County Judge O. H. Desjardins attending the groom. Capt. and Mrs. Murphy immediately left for a honeymoon in the twin cities, whence they returned last evening to be unwilling guests at a rousing charivari tendered them by the soldiers at Fort Lincoln.

**Popular Young People.**  
Captain and Mrs. Murphy have a host of friends in Bismarck to wish them happiness. The groom is a veteran of the Philippine war, a man of many years' service in the national guard, and an officer whose efficiency has won general recognition. The bride has resided in Bismarck eight years, coming hither from Barnes county. She entered the employ of Webb Bros. seven years ago, and had been chief bookkeeper for that establishment up to the time she left for her vacation, about ten days ago.

REPUBLICANS HOLD  
CITY OF PEKIN

Washington, July 14.—The occupation of Pekin by the republican forces following the surrender of Pung Tsi, Thursday, by the monarchists' army of 1,000 men, indicates the complete restoration of the republic, the Chinese legation here declared today. Order in the capital was restored, with few casualties. Chang Hsue, who led the revolt of the imperialists, has taken refuge in the Dutch legation. In order to obtain safe conduct out of the country, Premier Yuan Chai Jui will establish republican headquarters in Pekin immediately.

Wind Storm Hurls  
Carpenter From a  
Scaffold; Killed

Jamestown, N. D., July 14.—George Thompson, a carpenter, was hurled to the ground and fatally injured when a windstorm tore away the scaffold upon which he was working at Bowdon. He was rushed to the Carleton hospital, where he died the following morning.

BISMARCK ASKED  
TO RAISE \$3,000  
FOR JEWISH AID

Reasons why Bismarck should cheerfully contribute the share portion of the state's \$25,000 quota of the \$100,000 Jewish relief fund will be given tomorrow afternoon at the municipal auditorium by Rabbi Emanuel Sternheim of Sioux City, Ia. Governor Lynn J. Frazier called Justice A. A. Bruce, Rev. M. J. Toller, vicar general of the Roman Catholic diocese of Bismarck, Rev. A. J. Buthe, son of McCabe Methodist Episcopal church; Rev. George Hutzelle of St. George's Episcopal church, and Rev. Bruce E. Jackson of the First Baptist church. The afternoon meeting, called for 3:30 tomorrow afternoon, is open to everyone, and a general invitation is extended to the public by the Capital City Jewish community which

RABBI STERNHEIM,  
Jewish Leader, Who Will Speak at  
Municipal Auditorium Tomorrow.

is in charge of the arrangements.

**State Does Well.**  
Of North Dakota's 825,000 share of the great fund which is being raised for the relief of Jewish refugees in Europe, war zone, Russia has already subscribed \$100,000 and Grand Forks \$20,000. Bismarck has been assigned \$2,000, leaving \$1,000 to be apportioned. The movement is one which is very generally endorsed and which has the support of many of America's highest leaders.

**To Talk in Churches.**  
Tomorrow morning Rabbi Sternheim will deliver the pulpit of the First Baptist church, where he will speak on "The Social Aspects of Religion." In the evening he will speak at McCabe church on "The Reconstruction of Religion for Humanity."

ARMY TRANSPORT  
IS TORPEDOED

STEEDMAN ANNOUNCES  
SERIES OF EXAMS FOR  
TRAINING CAMP NO. 2

Beginning Wednesday morning at Fargo, Major R. P. Steedman, U. S. A., examining officer for North Dakota and Lieut. Hugo Melia, medical examiner, will receive candidates for the second officers' training camp at Fort Riley, Kan., for entrance examinations. Four days will be spent at the Gary City; three days at Grand Forks, beginning July 21; three at Devils Lake, beginning July 23; two at Minot, beginning July 25; two at Carrington, and the next succeeding five days at Bismarck and the state board of recruits officers will accompany the examiners as executive clerk.

ARTILLERY PLAN  
AGAINST TEUTONS

Washington, D. C., July 14.—A great artillery program for the war against Germany will be provided for in the coming three billion dollar general deficiency appropriation bill to be considered next week by the house appropriations committee. Of the total appropriated, two billion are to be asked to provide for big guns, ammunition and equipment for use in the event of another call for men in addition to those to be drafted this summer. Among other plans intended to be provided for in the big deficiency bill, the draft, which is already being prepared by the committee experts with some of the lesser estimates already in will be the financing of private plants to make war munitions for which between nine and ten million dollars is to be asked.

The hearing before the appropriations committee beginning next Monday will be continued with the greatest secrecy.

SUGAR UTILIZED  
IN MANUFACTURE  
OF GLYCERINE

Washington, D. C., July 14.—Discovery in the internal revenue division laboratory of a process for manufacturing glycerine from sugar was announced today by the treasury department.

Under the secret process evolved, the cost of this substance, a heavy factor in the manufacture of explosives, will be reduced to slightly more than one-fourth of the present cost.

Glycerine is a present manufactured almost entirely from fats at a cost of one per pound, which is six times its cost of production before the war. Extraction of the product from sugar will insure production, officials estimate, at 25 cents per pound or less.

The immense importance of the discovery in conserving the fat supply of the nation is pointed out by officials, who declare that Germany's fat shortage is due largely to the use of fats for production of explosives. Germany has long since been forced to discontinue the manufacture of soap in order to conserve the fats for munition making. The discovery is sure to be announced by chemists working in co-operation with the council of national defense.

**First Aid.**  
"If women get the ballot, they won't stomp on street corners arguing about politics for hours at a time," said the eminent suffragist.

"No," replied a man, "but if some way could be devised to serve them with a cup of tea and a sandwich on street corners, they would."

**The Brighter Side.**  
"I see where another fortunate man has found a valuable pearl in an oyster."

"Nothing like that ever happens to me," said the poor but cheerful citizen. "Still, I don't worry. I would consider myself lucky to get the oyster."

BANK ROBBER CARRIED  
IN ON STRETCHER AND  
GIVEN LONG SENTENCE

**Yeggs Captured in Effort to Rifle**  
**Conde Institution Oct 18**  
**Years**  
Highland, S. D., July 11.—Carried in to court on a stretcher, Frank McBride, with his fellow bank robber, Louis Miles, pleaded guilty to an attempt to rob the Conde bank July 3 and stochically received a sentence of 15 years in the state penitentiary. McBride, shot twice by the posse which surrounded the bank and captured the two yeggs, will recover, but cannot leave the penitentiary for several days.

ANOTHER GOOD RAIN  
IN NORTHERN HALF  
OF STATE YESTERDAY

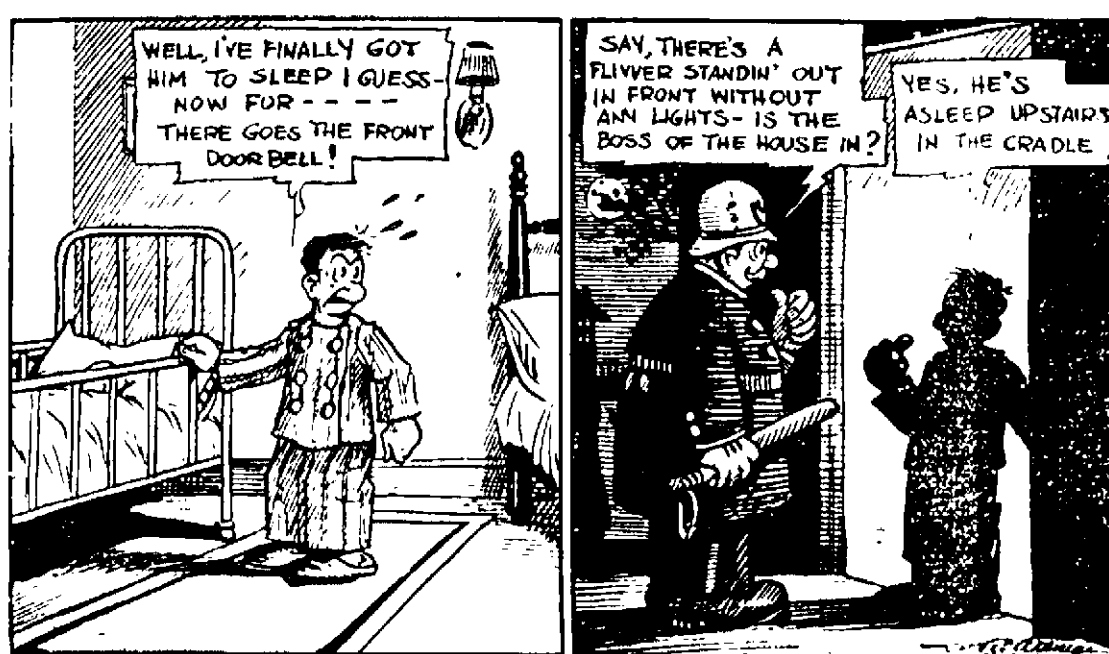

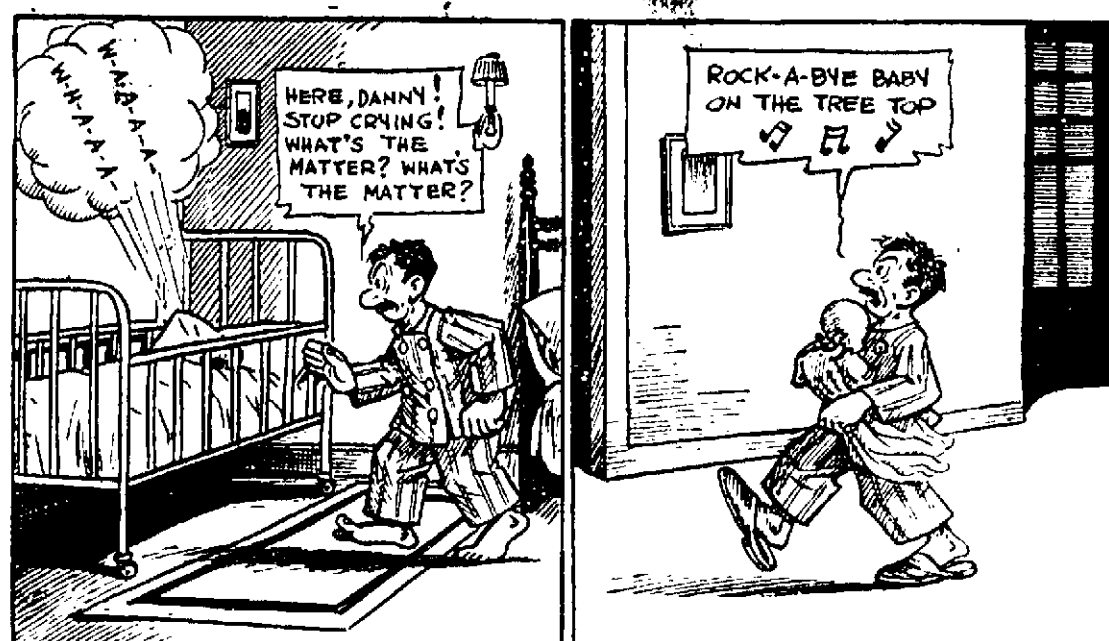

The northern half of the state was visited yesterday and last night by another good rain. Most let on with 1½ inch; Grafton had 3½, Edenburg, 2½; Bowbells, 4½, and Langdon, 1½. This is the second fair rain this season has had within a week, and the value of this precipitation to crops which were very much on the ragged edge, cannot be over-estimated. Every day now finds an improvement in the crop situation. Grain of all kind is making that miraculous recovery which seems possible only in North Dakota.

Like "The Spotters," "The Nicer Do Well," and "The Barrier," is "Partners," by Rex Leach, to be at the Grand tonight.

**FOR RENT.**—A seven-room house, furnished. Will rent to October 1 to desirable tenants; 208 Rosser St. Harvey Harris & Co. 7-14-17

## DOINGS OF THE DUFFS. By Allman

THERE IS NO QUESTION AS TO WHO IS BOSS

"The Five Tires"

**Lower Tire Cost Than Ever—NOW**

For, in the old days, tires not only cost motorists more per tire, but were also so far inferior to the present product, that the final cost—the cost per mile—was from 50 to 100 or more per cent. higher than you pay now.

United States Tires—the 'Royal Cord', the 'Nobby', the 'Chain', the 'Uco' and the 'Plain',

- one for every need of price and use,
- produced by the largest rubber manufacturer in the world,
- produced by the most experienced tire manufacturer in the world,
- produced by a time-tried, exclusive, patented, vulcanizing process,
- produced of only the most carefully selected materials,
- have so far eclipsed every other make of tire that
- United States Tires are famous for their mileage-giving qualities—their low cost per mile.

The proof?—the consistent and persistent tremendous sales increases of United States Tires.

**United States Tires Are Good Tires**

### GETTING AT THE FACTS.

"De Skin told me the other day that every dollar he has on earth was made honestly."

"So? How much do you think he is worth?"

"About ninety-eight cents."

Independent.

"The cost of living frights me not," said Alfred Fuller Bitts.

"When nothing else is in the pot, I eat my fill of grits."

Where He Was.

"Did you say when your husband comes home very late at night he always brings you a novel?"

"No, I didn't. I said he always brought home a lot of fiction."

The Reason.

"Miss Pressay was dreadfully ill—they thought she was going to die."

"No danger. She'd be afraid if she died her exact age would be published in the papers."

Exact Location.

"Columbus is—hurt me in the world."

"Want that ain't where they hurt me, neither."

An Opportunity.

"He has asked me to marry him, but I hate him."

"Then why don't you do it?"

Cashier—You've overdrawn your account—you're behind.

Wise Depositor—No, I'm ahead; you're behind.

PUBLIC SENTIMENT.

"Do you pay much attention to public sentiment?"

"No; I always look the other way when I see a young couple holding hands in the park."

"I was Ever Thus.

High-priced meat makes boarding houses. Harp the same old tunes. They give you hash for breakfast, and for supper you get grumps."

Case for the Court.

Algernon—What's this I hear about Miss Giltedge agreeing to marry you and then going back on her word?

Reginald—That is the stout of it, I'm sorry to say.

Algernon—Really? Well, dear boy. Why don't you sue her for non-support? You've got a clear case, don't you?

Quite True.

"Sart," snarled the fractious editor, "these verses of yours are not worth the paper they are written on."

"Maybe not," replied the poet, modestly. "The paper shortage is so acute nowadays that hardly anything is worth the paper it is written on, unless it is a check."

Discernment.

"Did I understand you to say that Gadson is a deep student of human nature?"

"Well, he doesn't make any pretension of that sort, but I notice when he starts out to borrow a little money he seldom tackles more than two or three people before he gets it."

HE KNEW.

"The cost of living frights me not," said Alfred Fuller Bitts.

"When nothing else is in the pot, I eat my fill of grits."

Where He Was.

"Did you say when your husband comes home very late at night he always brings you a novel?"

"No, I didn't. I said he always brought home a lot of fiction."

FARGO GLOVE ARTIST  
TO MEET MANDAN KID  
NEXT MONDAY EVENING

Good Card Scheduled Between  
Kid Hale and Billy Ryan at  
Athletic Club

Mandan, July 14.—Monday evening  
"Kid Hale" Fargo glove artist, will  
meet Billy Ryan of Mandan in a one-  
round boxing bout. The event is to  
be held at the Mandan Athletic club  
hall and the main bout will start  
shortly after 8 o'clock. Good prelim-  
inaries have been arranged for and  
will furnish no small part of the  
evening's entertainment.  
Hale is a disciple of Leo Kossick,  
once contender for the lightweight  
belt of the world. Hale is a clever  
boxer and it is only through offering  
a large guarantee that it was possible  
to secure him. He saw Ryan box  
with Sallor Hansen in Mandan, when  
that Fargo boxer met Ryan at the  
local athletic club hall a couple of  
weeks ago. He recognized in Ryan  
an able man and is willing to go into  
the ring with him.  
Ryan is the champion boxer of the  
Missouri Slope and contender for the  
lightweight belt of the state. He is  
a fast man with his mitts and has  
won great favor in the local circles  
as a boxer. He showed up well with  
Hansen of Fargo at the last match  
and it is believed if he were in the  
prime of condition he would get a  
decision over Hansen.  
As to who will referee the match,  
it is not known at the present time,  
but it is believed Kid Winters will  
return in time to supervise the bout.

HURON GETS MILLION  
DOLLAR EQUITY PLANT

Commercial Club Donates 200-  
Acre Site—Work to Begin  
Soon on Buildings

Huron, S. D., July 14.—Huron has  
been selected as the location for the  
Farmers' Cooperative Packing plant to  
be erected by an equity company  
incorporated for \$1,000,000. The in-  
corporators are S. D. Frost, cattle-  
man, Leola; Rep. Paul Havens, farm-  
er, Nortonville, N. D.; and G. C. King,  
of Mina and S. H. Spitzer of Edgeley,  
N. D., both prominent stock men. A  
200-acre site has been presented to  
the company by the Huron Commercial  
club and early operations are prom-  
ised on a plant to cost \$450,000, and  
which will kill 1,000 hogs and 400 cat-  
tle daily.

SUFFRAGE PICKETS  
TAKEN TO JAIL

Washington, July 14.—Sixteen suf-  
fragists of the Women's party assem-  
bled to stage a picketing demonstra-  
tion at the White House gates today.  
In celebration of the anniversary of  
the fall of the Bastille were promptly  
arrested and taken to jail.

DAUBURY CASE  
IS WOUND UP

Danbury, Conn., July 14.—The Dan-  
bury Hatters vs. Loewen Co. case has  
been settled and the foreclosure pro-  
ceedings are ended.  
See "Partners," from the famous  
novel by Rex Beach, at the Grand to-  
night.

REALITY OF WAR  
BROUGHT HOME TO  
DAKOTA SUNDAY

The stern reality of war will be  
brought home to nine North Dakota  
towns tomorrow, when the bravest of  
their young men will be called into  
the service of Uncle Sam and assem-  
bled at their company stations. From  
that date until the close of the great  
war these soldier boys will not again  
know the freedom of civil life. They  
may, so long as their companies re-  
main quartered in their home towns,  
sleep under their own roofs, but each  
morning they must report at their  
armories for duty, and each day will  
be spent in drilling, recruiting and  
other military duties.  
Towns Affected.  
Towns affected by the president's  
proclamation calling the First regi-  
ment and First medical corps into  
federal service tomorrow are Valley  
City, Lisbon, Fargo, Grand Forks,  
Grafton, Minot, Hillsboro, Williston  
and Wahpeton. Bismarck, Mandan,  
Dickinson and Jamestown, whose  
troops have been in federal service  
since the declaration of war, will not  
be affected by tomorrow's orders, but  
Bismarck and Dickinson later will be  
called upon to muster in second com-  
panies for the new Second North Da-  
kota Infantry.

Last Of Evangelical  
Meetings Tomorrow Eve

The last of a long series of evan-  
gelical meetings will be held in the  
big tent near the Auditorium tomor-  
row evening, when Dr. Mathews, who  
has charge, will use as his theme  
"God's Complete Plan of Salvation."  
This closing meeting will start at 7:45  
and everyone is most cordially invit-  
ed to be present. At 2 o'clock in the  
afternoon a baptismal service will be  
held, the autos leaving the tent at  
2 o'clock.  
The meetings have been a decided  
success, announced members of the  
evangelist's party, and it is believed  
that the closing tomorrow evening will be  
the biggest and most enthusiastic of  
them all.

North Dakota Loses  
Most Beautiful Girl  
As a Bride to Idaho

Fargo, N. D., July 14.—North Da-  
kota lost its most beautiful young  
woman when Florence Turner, daugh-  
ter of Mr. and Mrs. J. H. Turner, 386  
Eighteenth avenue, wedded John Martin  
Hartong of Idaho Falls, Ida., at the  
home of her parents, and departed  
with him for her new Idaho home.  
Mrs. Hartong was a graduate of the  
Fargo Conservatory of Music. Two  
years ago in a nation-wide contest  
conducted by the Universal Film com-  
pany she was voted North Dakota's  
handsomest daughter and made a jour-  
ney to California as a guest of the  
company. Since last fall she had been  
conducting a music school in Fargo.

BERKMAN CHARGED  
WITH BOMB PLOT

San Francisco, July 14.—Alexander  
Berkman, anarchist, was indicted by  
the county grand jury here last night  
for murder in connection with a bomb  
explosion last July, which claimed 10  
lives, it became known today. He is  
now serving a term of two years at  
the federal prison at Atlanta for con-  
spiracy to defeat the draft law.

Big Crop Acreage  
Increase in Canada

Winnipeg, Man., July 14.—A Mani-  
toba crop report issued today shows  
that there is an estimated total acre-  
age of 6,417,696 in the province, an  
increase of 151,488 acres over last  
year.

BAER MAJORITY IN  
FIRST PROBABILITY

Indications Are That Nonpartisan  
Will Have More Than All Op-  
ponents Combined

Grand Forks, N. D., July 14.—With  
only one precinct in Sargent county  
missing from the complete report for  
the district, John M. Baer's plurality  
in the special election for congress-  
man for the First North Dakota dis-  
trict is 4,181 over the vote cast for  
O. B. Burtness, who ran second in  
the race.  
The unofficial returns indicate that  
Mr. Baer has received a larger vote  
than that cast for his two opponents,  
Mr. Burtness and Mr. Bangs.  
The vote by counties follows:  
County Burtness Baer Bangs  
Cass 1013 1907 351  
Cavalier 614 997 309  
Grand Forks 1627 1332 735  
Nelson 565 805 140  
Pembina 811 857 409  
Ramsey 685 678 107  
Ransom 304 903 161  
Richland 641 1302 261  
Sargent 392 729 240  
Steele 411 647 97  
Traill 311 751 92  
Towner 825 1241 411  
Total 8945 13126 3301

TWO BANDS WILL  
JOIN IN MUSIC

The local Elks band and the Man-  
dan band will give a joint concert  
here Monday evening, as a benefit for  
the Bismarck post of the Salvation  
army.  
The combined band, under the di-  
rection of G. W. Cochrane of this city,  
in its best of shape, it is said. A  
concert was given in Mandan two  
weeks ago and drew much compli-  
mentary comment. Frequent rehears-  
als have been held both here and in  
Mandan.  
The Salvation Army will serve re-  
freshments on the grounds north of  
the Auditorium, where the concert  
will be given, and in this way will de-  
rive benefit from the music fest. It  
is believed the seats in the big tent  
will be permitted to remain on the  
grounds when the tent is removed  
Monday, so that the event may be all  
the more enjoyed. The Salvation Ar-  
my anticipates many will avail them-  
selves of this opportunity to hear an  
open air concert.

COCCHI CANNOT  
BE EXTRADITED

Rome, July 14.—The ministry of for-  
eign affairs yesterday notified the  
American embassy that it was impos-  
sible to extradite Alfredo Cocchi, the  
slayer of Ruth Cruger, without violat-  
ing the fundamental law of the coun-  
try.

Ptomaine Epidemic  
Puts End To Merry  
Bisbee Church Feed

Bisbee, N. D., July 14.—Festivities  
at the supper served by the ladies of  
the Free Lutheran church were rudely  
halted when a majority of the feast-  
ers were simultaneously attacked with  
ptomaine poisoning, thought to have  
been due to impregnated ice cream.  
Everyone was hustled home; the doc-  
ter had a busy night of it, and the  
next morning found everyone well  
again.

PERSONAL WARRANT.  
New York, July 14.—A personal war-  
rant from President Wilson for the  
arrest of Alfredo Cocchi in Italy for  
the murder here of Ruth Cruger was  
received by registered mail today by  
District Attorney Swann.

A wonderful picture of the far  
northwest is "Partners," by Rex  
Beach, to be shown at the Grand to-  
night only.

Overland  
America's Only  
Smart Utility Sport Model  
This is the only car built in  
America today that combines the  
smartness of the sport model with  
economy and utility.  
It is a strikingly smart, stylish  
car, entirely original-looking with a  
design all its own.  
Extreme measures have been  
taken to give it a most exquisite  
finish in a rich gray, trimmed with  
black enamel and brightened with  
an occasional flash of polished  
nickel.  
A fashionable dash, of color is  
added to its striking lines by the  
red wire wheels.  
The individual front seats, with  
aisleway between, are adjustable  
forward or back, to suit the reach  
of the driver and his companion.  
The rear seat is roomy for two.  
Front and back, four large people  
ride sociably in real comfort.  
It has four-inch tires and can-  
tilever rear springs—buoyant riding!  
The motor is powerful, it is sur-  
prisingly economical in the use of  
gasoline as compared with other  
cars of similar size.  
Let us show you the car now!
